To ensure an impartial and transparent application review process, CAC convened an online panel of arts and cultural professionals from outside the region who evaluated and scored eligible applications.

Panelist 1

Score: Yes

Great application but I would love more detail about Ward 5 and why this event is so needed in the community other than overall engagement. What's the story of Ward 5? What specifically are the needs being addressed in the greater sense of the city (e.g. equity, diversity, support for local artists, etc.)

Panelist 2

Score: Somewhat

Panelist 3

Score: Somewhat

The project demonstrates public benefit and provides an event that will celebrate and highlight the history and rebirth of the community in which it serves. The proposal lacks programming details, making it difficult to understand the full scope of what/how the project will benefit/provide artistic/cultural benefit to the community. More details here would strengthen the proposal. I appreciated the proposal's attention to continuous planning and assessment of the project's success.
