Note: Panelist scores and comments are presented in no particular order.

Panelist 1

Score: Yes

Panelist 2

Score: Yes

The project aligns with CAC's funding criteria. The consistent, committed relationships between the organization, libraries, and schools shows a response to the community's needs. The project involves a diversity of perspectives in the planning process and in the execution of the programming. The goal is strong, but the methods for evaluation are somewhat confusing. I recommend narrowing the metrics to explicitly align with the goal.

Panelist 3

Score: Yes

I really appreciate the community engagement and co-creation process in this project.
